9:30 a.m. to 12:00 p.m.

at the

SERC Community Room and Library

25 Industrial Park Road

Middletown, CT

 Great Books to Explore Together

 Exciting Activities That Bring Math Alive

 Activity Materials and Directions to Take Home and Share with Family and Friends

 **Free Book** for Every Family to Read Again and Again, and Again

You and your child in kindergarten through Grade 2 are cordially invited to experience the fascinating world of math found within the books children love to hear and to read. Together, you will explore the way some of children's favorite books connect to the critical math skills and concepts that lead to success in college and career. A variety of captivating hands-on activities that encourage active engagement and inquiry by both you and your child will be center stage. You also will be provided with the materials and directions you need to replicate the activities at home as well as a free book that will keep memories of this morning alive for you both.

Please register in advance for this free activity by contacting:

Suequanna Lewis, Project Assistant, CT PIRC, (860) 632-1485, x 288 or lewis@ctserc.org.

Presented in collaboration with the State Education Resource Center (SERC), the SERC Library, the SERC Early Childhood Education (ECE) Initiative, and the SERC Community Initiative
