Need to Increase Revenue?

Here's The Solution

Just Between Friends is the official PTA communications and membership management system. Use this **private and secure** system provided **free** by NPTA for communications; membership & volunteer management; directory creation & fundraising/revenue share.

Here's How Easy It Is

Your unit can earn revenue for each school semester from Just Between Friends' family-friendly sponsors. To be eligible, your unit must have one parent in at least 20% of the households in your community go through the Just Between Friends household Startup Wizard. Then, they'll have a Just Between Friends household account.

This gets them into your communications group.

Communicate with the households in your group at least 10 times during the semester to enjoy revenue share. If you communicate at least 10 times in the semester to 50% of the households in your community, you double your revenue share. The number of dollars depends on how much revenue is derived from Just Between Friends' family-friendly sponsors.

Here's When You Can Expect Your Checks

There are two Just Between Friends revenue share periods:

Fall (July – December) and Spring (January – June).

Eligible units receive their Fall checks in February and their Spring checks in August.
